10) Edit Profile:

Input:

Update Bio: Software Engineer | Tech Enthusiast | Competitive Programmer

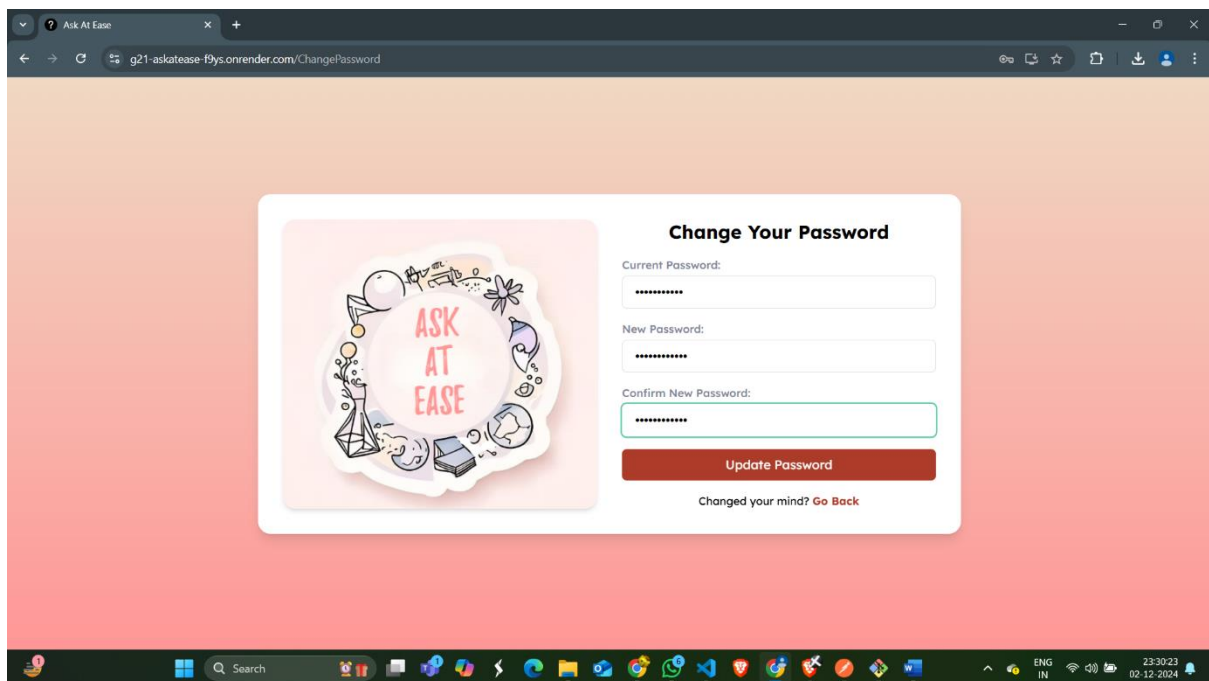

11) Change Password:

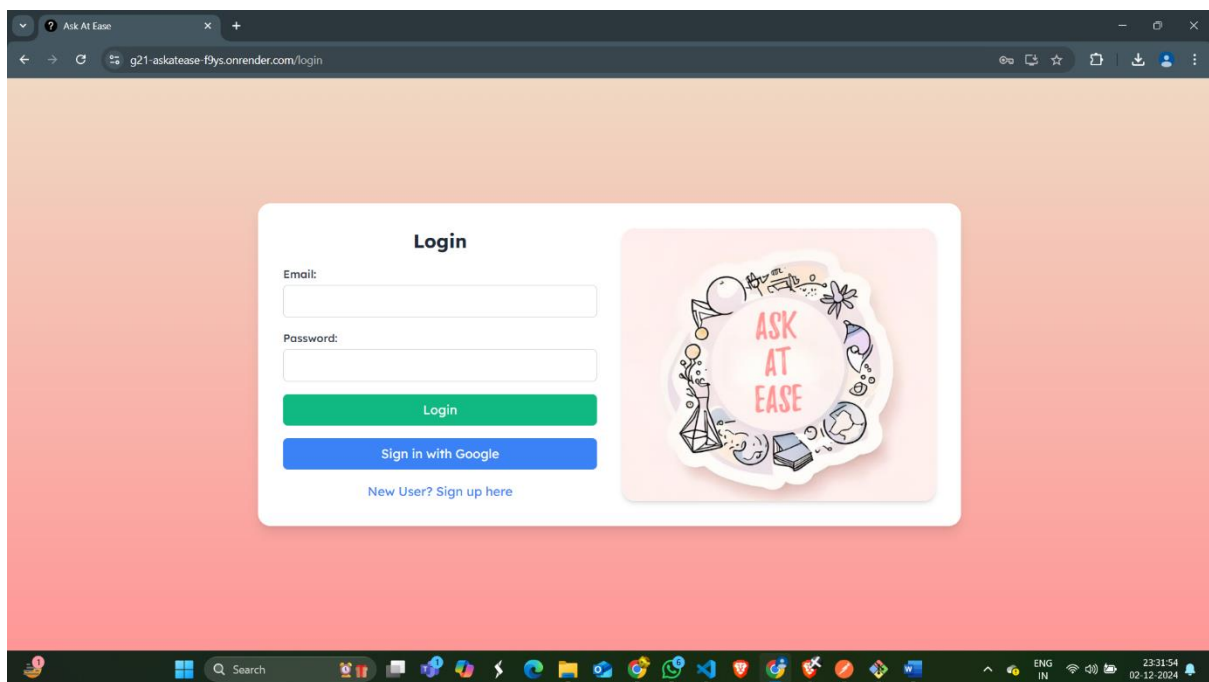

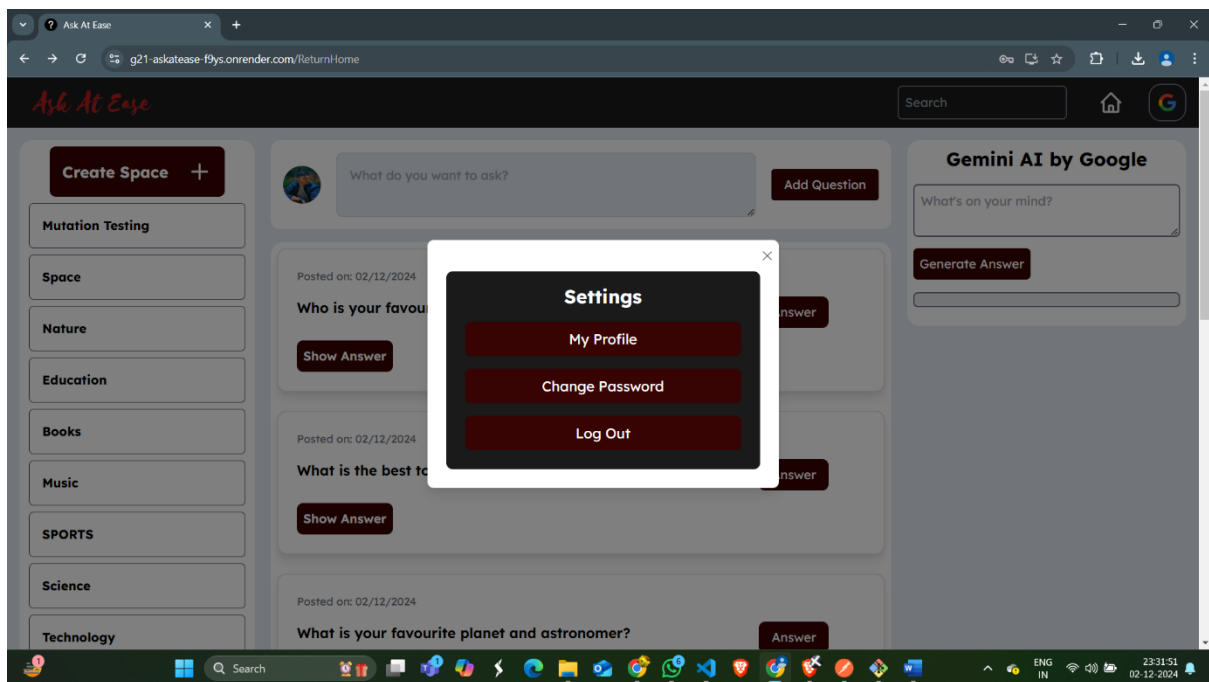

Input:

Old Password: Dishant@123

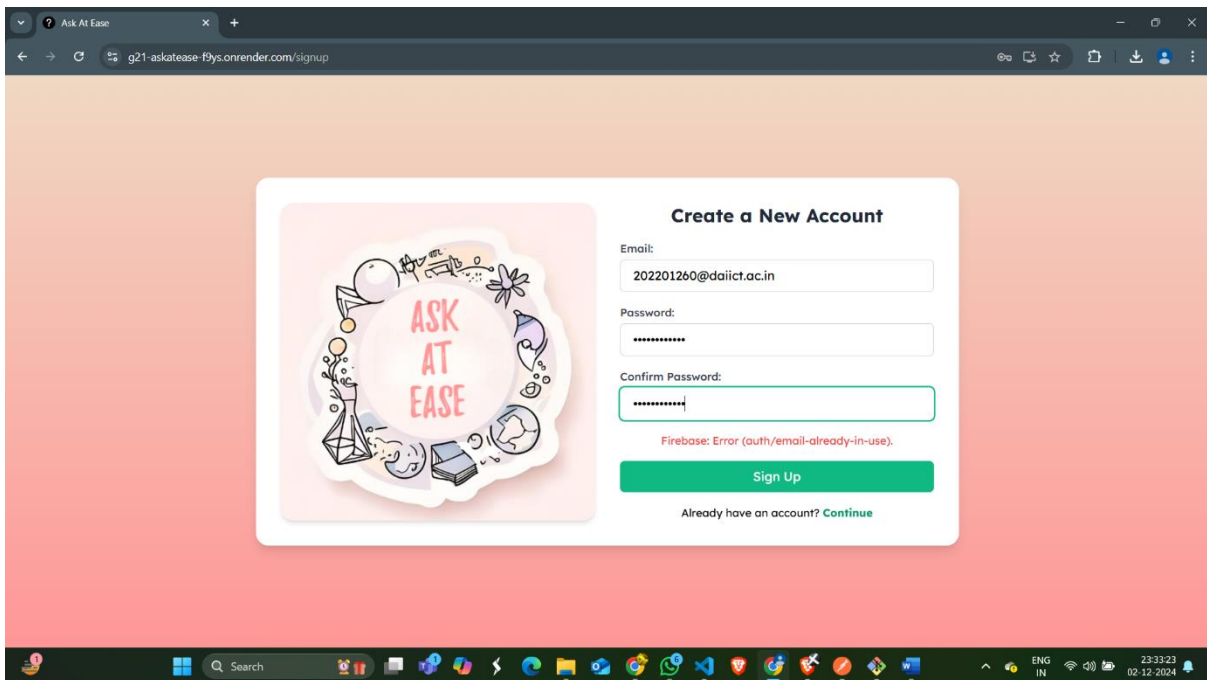

New Password: Dishant@1234

12) Logout:

13) Signup with already existing email-id:

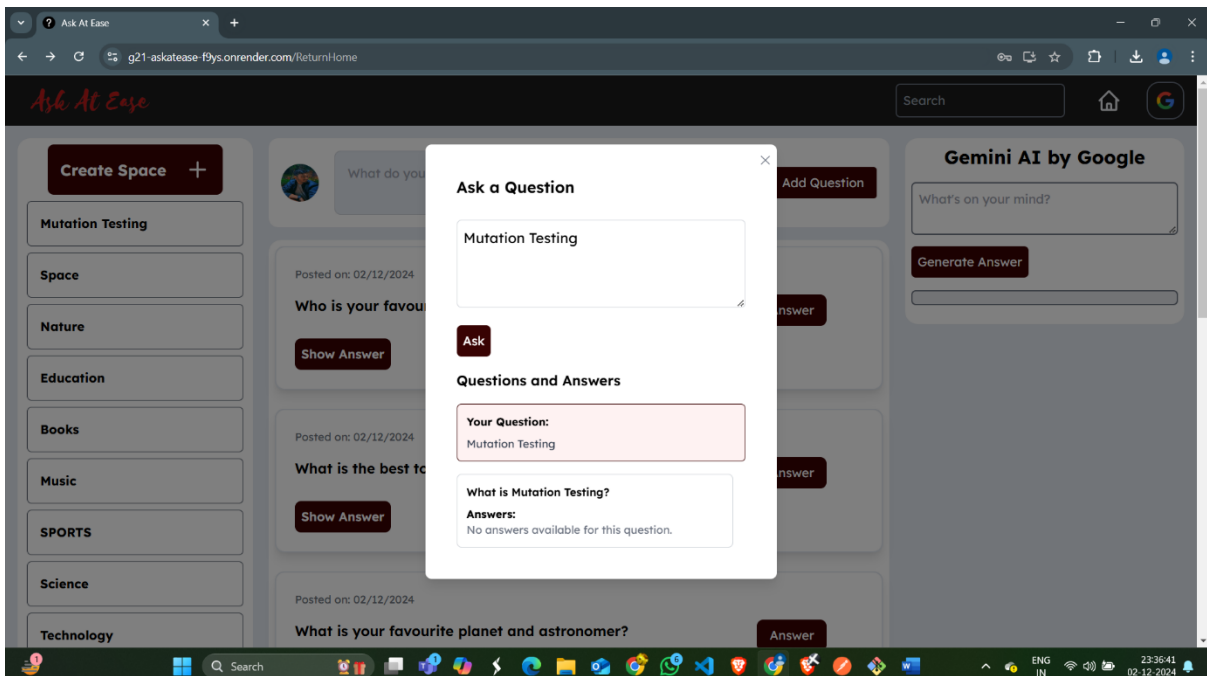

The screenshot shows a web browser window with the URL `g21-askatease-f3ys.onrender.com/signup`. The page has a pink gradient background. On the left is a circular logo with the text "ASK AT EASE" and various icons. On the right, under the heading "Create a New Account", there are three input fields: "Email:" (containing `202201260@daiict.ac.in`), "Password:" (with masked characters), and "Confirm Password:" (also with masked characters). Below these fields, a red error message reads: "Firebase: Error (auth/email-already-in-use).". A green "Sign Up" button is positioned below the error message, and a link "Already have an account? Continue" is at the bottom.

14) Search:

Input:

Question: Mutation Testing

The screenshot shows the "Ask At Ease" application interface. On the left is a sidebar with a "Create Space" button and a list of categories: Mutation Testing, Space, Nature, Education, Books, Music, SPORTS, Science, and Technology. The main area displays a search bar with the text "Mutation Testing". Below the search bar, there is a section titled "Questions and Answers" with a "Your Question:" field containing "Mutation Testing". Below this, it says "What is Mutation Testing?" and "Answers: No answers available for this question.".

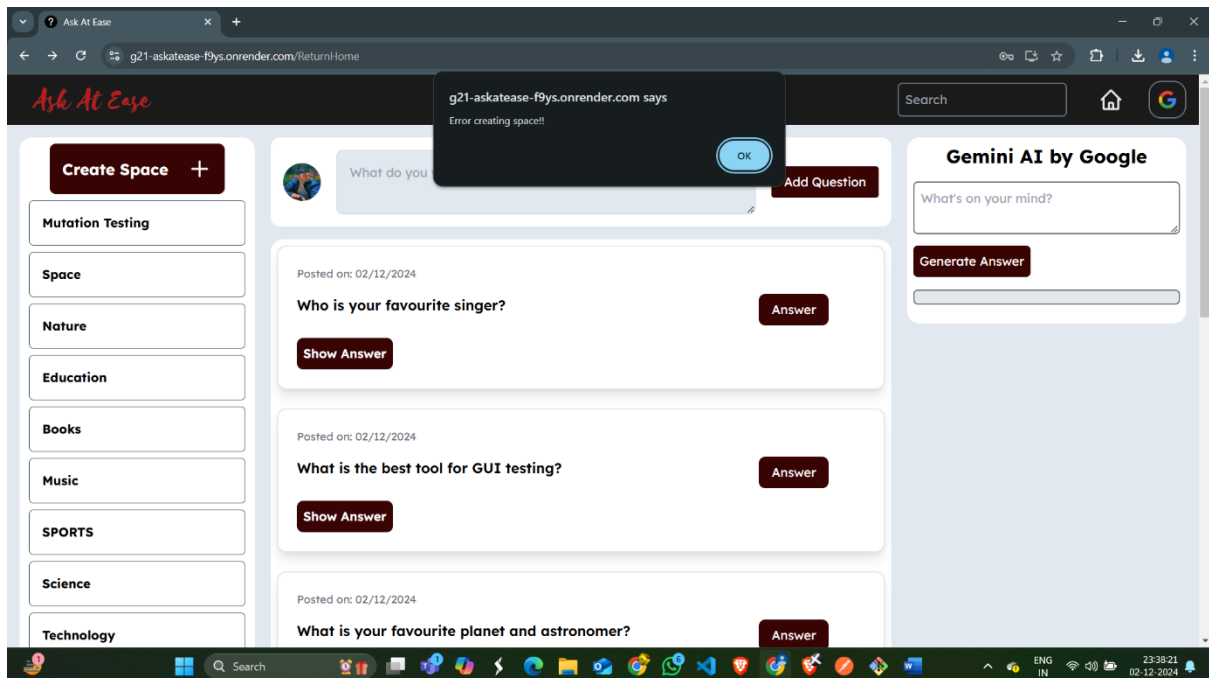

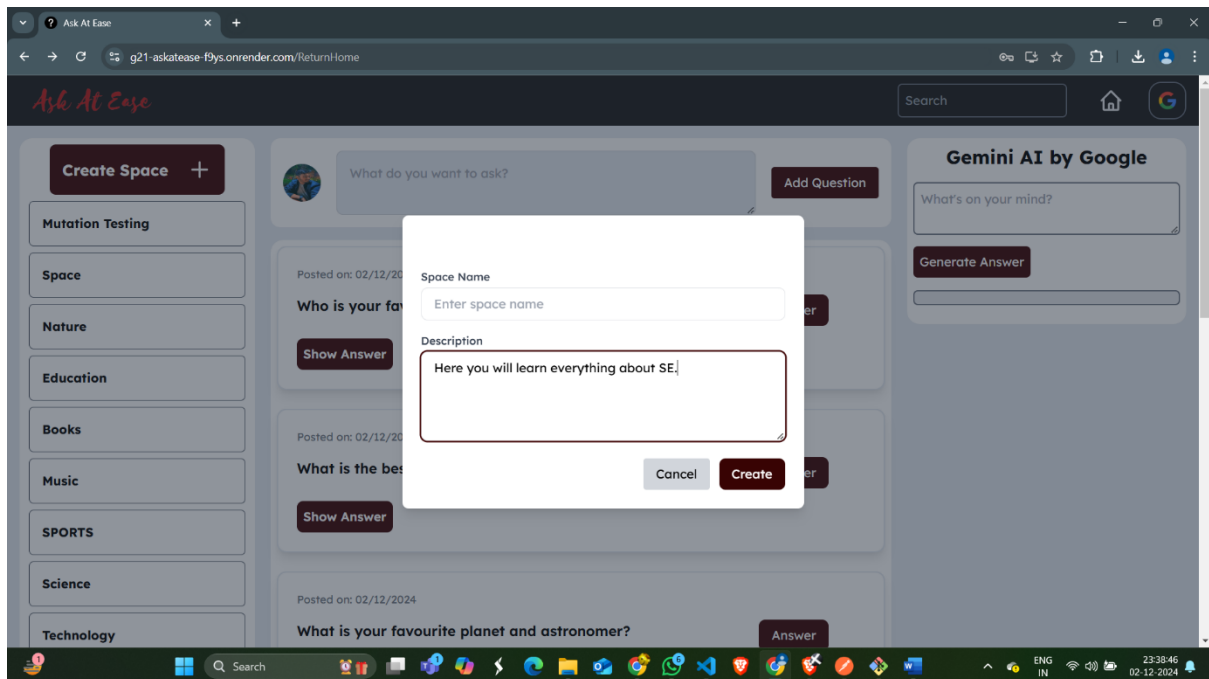

15) Creating space without space name:

Input:

Space name: Empty

Description: Here you will learn everything about SE.

Output: Error creating space!!

16) Adding a question without providing a space:

Input:

Question: How did you developed this website?

Space: Not selected

Output: Please select a space and provide a question.
